## **INDEPENDENT AUDITORS' REPORT**

To the Chairperson and Board of the  
Fulton County Industrial Development Agency  
Johnstown, New York

### **Report on the Financial Statements**

We have audited the accompanying basic financial statements of the Fulton County Industrial Development Agency, a public benefit corporation, a component unit of the County of Fulton, New York, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditors' judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Fulton County Industrial Development Agency, as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fulton County Industrial Development Agency's basic financial statements. The supplemental information on pages 25 through 28 are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplemental information on pages 25 through 28 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated February 25, 2013 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

# FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY

## MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED DECEMBER 31, 2012

---

The following is a narrative overview and analysis of the financial activities of Fulton County Industrial Development Agency (IDA or Agency) for the fiscal year ended December 31, 2012. This discussion is intended to serve as an introduction to the Agency's basic financial statements, which immediately follow this section. The basic financial statements have the following components: (1) management's discussion and analysis (MD&A), (2) Agency-wide financial statements, (3) notes to the financial statements and (4) supplemental schedules.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: MD&A (this section), the basic financial statements and required supplementary information. The basic financial statements include two statements that are Agency-wide financial statements that provide both short-term and long-term information about the Agency's overall financial status.

#### Agency-Wide Statements

The Agency-wide statements report information about the Agency as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the Agency's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Agency-wide statements report the Agency's net position and how it has changed. Net position – the difference between the Agency's assets and liabilities – is one way to measure the Agency's financial health or position.

- Over time, increases or decreases in the Agency's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the Agency's overall health, you need to consider additional nonfictional factors such as changes in the New York State government, labor forces and land availability.

### I. BACKGROUND

#### A. General

The Fulton County Industrial Development Agency (IDA) was created in 1970 by an act of the New York State Legislature as a corporate governmental agency constituting a public benefit corporation. The purpose of an Industrial Development Agency (IDA) is:

“to promote, develop, encourage and assist in the acquiring, constructing, reconstructing, improving, maintaining, equipping and furnishing industrial, manufacturing, warehousing, commercial and research facilities and thereby advance the job opportunities, general prosperity and economic welfare of the people of the State of New York and to improve their standard of living.”

To accomplish this purpose, the New York State Legislature authorized IDAs to offer incentives in the form of tax exemptions to stimulate certain private sector investment.

## **B. Tax Exemptions**

IDAs are authorized by the New York State Legislature to provide three forms of tax exemptions affecting personal and real property:

### **1. Property Tax**

New York State Law designates IDAs as tax exempt entities. When an IDA holds title to the real property of a project, New York State Law provides that the real property and all improvements on the property are exempt from all general real property taxes. These exemptions apply as long as the IDA holds title to the property.

However, for projects the Fulton County IDA is involved with, the IDA requires companies to enter into a Payment In Lieu Of Tax Agreement (PILOT). A PILOT is a written agreement between the IDA and a company that states that even though the project is tax exempt due to IDA ownership, the company shall make PILOT payments to local taxing jurisdictions in lieu of paying taxes. PILOT Agreements stipulate that companies make PILOT payments to local taxing jurisdictions that are based upon a percentage of the property tax that would otherwise be due on the property if it was not owned by the IDA. PILOTs are developed in accordance with the Fulton County IDA's Uniform Tax Exemption Policy. Once a PILOT is executed, the company makes the required annual payments to local taxing jurisdictions in accordance with the PILOT. It is the responsibility of the local taxing jurisdictions to issue annual invoices under a PILOT to the company and to ensure that payments are received in a timely manner.

### **2. Sales Tax**

IDAs can offer companies an exemption from sales taxes on eligible construction materials and equipment for a project. The exemption is generally limited to the construction, reconstruction or installation period and cannot cover ongoing operational costs. When the lease or installation sale agreement expires, the IDA transfers any personal property that is involved in the project to the company without the payment of any sales or use tax.

### **3. Mortgage Recording Tax**

If a project involves a mortgage, a company that receives IDA assistance is exempt from New York State's mortgage recording tax which is currently 1% in Fulton County.

## **C. Industrial Revenue Bonds**

IDAs can also provide various forms of bond financing for a project. Financial institutions, such as banks, insurance companies or private individuals purchase these bonds as an investment similar to an individual purchasing a U. S. Government Savings Bond. By purchasing a bond, a private investor lends their funds to a business. The business commits to repay the principal and interest to the lender. The IDA acts as an intermediary for this private transaction. There are no IDA or public funds involved in an IDA bond transaction.

The business and the financial institution, independent of the IDA, negotiate the terms, interest rate and other conditions of the transaction.

The Fulton County IDA, Fulton County Government or taxpayers do not lend any public money nor do they assume any responsibility for repaying bonds if the business defaults on any payment. There is also no financial liability on New York State, the County of Fulton or any political subdivision. Bond payments are solely the responsibility of the company borrowing the money.

#### **D. NYS Public Authorities Accountability Act of 2005 (the Act)**

In 2005, the NYS Legislature adopted and Governor Pataki signed in early 2006 the NYS Public Authorities Accountability Act of 2005. This key piece of legislation imposed fundamental changes to the way Industrial Development Agencies in New York State are to be administered and managed. The Act obligated IDAs to take certain affirmative actions to comply with this new law, including:

1. Prepare and file annual reports, budget reports and property reports in accordance with the requirements of the Act.
2. Prepare and adopt property and investment guidelines, personnel and compensation policies, defense and indemnification policies and a Code of Ethics.
3. Create and appoint Audit and Governance Committees.
4. Comply with numerous new operational requirements dealing with matters such as:
  - a) Preparing and filing independent financial audits.
  - b) Obtaining training for Board members.
  - c) Ensuring the separation of oversight and operational duties and responsibilities of the Agency.
  - d) Ensuring that Board members are independent.
  - e) Providing for financial disclosure of Board members.
  - f) Sale of real property.

#### **E. The 2009 Act**

On December 11, 2009, a new bill, referred to as the 2009 Act, was signed into law as Chapter 506 of the 2009 Laws of the State of New York. This new law became effective on March 1, 2010. The 2009 Act will amend both the Public Authorities Accountability Act and the Executive Law of the State of New York.

The 2009 Act included the following provisions to:

1. Create the Authorities Budget Office as an independent entity within the New York State Department of State.
2. Establish enhanced reporting requirements for State and local authorities.
3. Grant to the Authorities Budget Office the power to waive any reporting requirement upon a showing that a particular authority meets the criteria for a waiver.
4. Require each State and local authority to submit personnel reports to the State.
5. Impose a requirement that board members of an authority apply independent judgment in the best interest of the authority, and empower the appointing authority to remove any board member who breaches his or her fiduciary duty.
6. Require that any State or local authority that issues debt:
  - a. Must establish a finance committee to review proposals for the issuance of debt and make recommendations regarding the same.
  - b. Unless the amount of debt that can be issued by such authority is limited, submit to the Authorities Budget Office a statement of intent to guide the authority's issuance of debt.

7. Remove a provision of the 2005 Act that prohibited an authority board member from serving as CEO, CFO or other equivalent position of the authority while also serving on the board.
8. Require that each authority submit to the Authorities Budget Office a mission statement and proposed measurements related thereto.
9. Permit the State Comptroller to review certain State public authority contracts.
10. Require labor peace agreements in connection with certain contracts entered into by a State or local authority relating to a hotel or convention center project.
11. Generally prohibit the creation of a subsidiary corporation by State authorities.
12. Modify the property disposition provisions of the 2005 Act.
13. Require that State authorities and certain enumerated local authorities comply with the provision of the Executive Law relating to the participation of minority group members and women with respect to State contracts.
14. Establish a whistleblower access and assistance program in the Authorities Budget Office.
15. Regulate public authority lobbying contracts.
16. Repeal an earlier version of the 2009 Act effective for the period from February 9, 2009, until March 1, 2009.
17. Provide for the transition from the existing Authority Budget Office to the Authorities Budget Office.

## **II. SUMMARY OF 2012 ACTIVITIES:**

### **1. TRYON TECHNOLOGY PARK AND INCUBATOR CENTER PROJECT:**

#### **1. Background:**

In 2011, Governor Cuomo ordered the closing of the former Tryon Youth Detention Facility located in the town of Perth, Fulton County. Tryon, which opened in the later 1960's, was a major employer in Fulton County. At one time, Tryon employed over 300 people and had an annual payroll of over \$15 million. Tryon's closing created negative economic impacts in Fulton County through the loss of jobs, loss of personal income, loss of water revenues to the Gloversville Water Department, who supply water to Tryon, loss of sewer revenues to the Gloversville-Johnstown Joint Wastewater Treatment Plant who provides wastewater services to Tryon and the loss of sales to local businesses.

The Tryon Campus consists of approximately 515 acres of land. Four hundred and fifty-three (453) of these acres are located in the Town of Perth, with an additional 64 acres located in the Town of Johnstown. There are 38 individual buildings on the Tryon Campus. All 38 buildings are located in the Town of Perth. These buildings include administrative offices, dormitories, classrooms, kitchens, cafeterias, Olympic-size pool, two (2) gymnasiums, an auditorium and other uses.

In the summer of 2011, Fulton County submitted a Plan to New York State to convert the former Tryon Campus into the Tryon Technology Park and Incubator Center. This Plan called for New York State to transfer title of all of the land, buildings and infrastructure over to the Fulton County Industrial Development Agency (IDA). The IDA and Fulton County would then implement both a short and long-term plan for the reuse of the former Tryon Facility.

## **2. Short and Long-Term Plan:**

### **A. Short-Term Plan:**

The short-term plan would be to lease the existing buildings for reuse as incubator space for start-up businesses, office, warehouse, storage and other uses. The IDA would actively market these existing buildings for reuse.

### **B. Long-Term Plan:**

The long-term plan would be to convert the developable lands at the Tryon Campus into shovel-ready sites. To prepare this property as shovel-ready sites, the following construction work would be needed:

- a) Construct a new interior loop road along the interior of the Tryon Campus. The construction of this road would create a new interior loop road that would result in all of the developable land being on the outside of this loop road. The intent is to have the entire loop road from County Road 107 to be deeded over to Fulton County for the County to own, operate and maintain.

The loop road would provide access to all of the potential shovel-ready sites that would be created.

- b) Construct new water and sewer infrastructure along the proposed new loop road right-of-way. The intent would be to have the new water and sewer infrastructure deeded over to the City of Gloversville for the City to own, operate and maintain. The new water and sewer lines would service all of the shovel-ready sites that would border this new loop road.
- c) Complete any upgrades or improvements, as may be necessary, at the existing sewer pump stations and water storage tank.
- d) Develop plans and/or make provisions for the installation of underground electrical, natural gas, communications, data and other utilities to service the shovel ready sites.

The long-term plan would include the demolition of existing buildings. Existing buildings would be demolished as part of the development of each individual shovel-ready site.

### **C. Partnerships:**

Several local governments will be partnering with the Fulton County Industrial Development Agency in the successful development of the Tryon Technology Park and Incubator Center Project. The key partner will be Fulton County. Fulton County has secured a \$2 million grant from the Empire State Development Corporation to install new water and sewer infrastructure in Tryon as well as to construct a new interior loop road. The development of this new infrastructure and road is critical to the creation of shovel-ready sites.

Fulton County will provide the local share required for this grant through the repaving of County Road 107, as well as the portion of the interior access road into Tryon that will remain. Fulton County will be hiring a contractor to perform all of this construction work. At the end of the project, Fulton County will take over ownership, operation and maintenance responsibilities for the access road. This access road will become a new County road.

Construction of this new loop road and the installation of new water and sewer lines are anticipated to be completed in 2013.

The Town of Perth will also be a partner in this project. The Town of Perth Town Board will be establishing Zoning Regulations that will govern land uses in the Tryon Technology Park and Incubator Center. The IDA will work closely with the Town of Perth for the redevelopment of the former Tryon Campus into the Tryon Technological Park and Incubator Center.

The IDA will also be working with the City of Gloversville in having the City's water and sewer lines extended into and service the Tryon Technology Park and Incubator Center. The City of Gloversville has, for many years now, provided water and sewer services to the former Tryon Campus. The City will continue to provide those services to the Tryon Technology Park and Incubator Center Project.

**D. Phase I Environmental Assessment/Asbestos Containing Material Survey:**

In September of 2012, the IDA executed an Agreement with the New York State Office of General Services and Empire State Development regarding the transferring of the former Tryon Campus to the IDA. This Agreement contained the terms and conditions that would have to be met in order for the State of New York to transfer title of the 515 acres of land comprising the former Tryon Campus over to the IDA. The Agreement stipulated that the IDA would have a period of time to conduct an Environmental Site Assessment to ascertain whether there were any potential environmental liabilities associated with the former Tryon Campus. The IDA wanted to ensure that it would not be assuming any environmental hazards or liabilities by accepting ownership of the former Tryon Campus. The IDA hired C.T. Male Associates to prepare a Phase I Environmental Site Assessment, as well as to conduct asbestos containing materials survey of buildings at the former Tryon Campus. The IDA was expecting the receipt of the Phase I Environmental Site Assessment Report and the asbestos containing material surveys in March of 2013. If these reports showed there were no or minimal environmental hazards or liabilities, the IDA would move towards pursuing the transferring of the former Tryon Campus property over to it. If, however, potential environmental hazards or liabilities were found, the IDA would then have to assess whether it wanted to ask the State of New York to try and address these potential environmental hazards or liabilities prior to the IDA taking title to the former Tryon Campus.

**2. CG ROXANE WATER BOTTLING PLANT PROJECT:**

**A. Background:**

In June, 2012, the IDA received a Project Application from CG Roxane, LLC.

CG Roxane, LLC (CG Roxane is a family-owned company that was founded in 1990). The Company is headquartered at 55 Francisco Street, Suite 410, San Francisco, California. CG Roxane is majority owned and controlled by a family that has been bottling water and other beverages in Europe for over 50 years.

CG Roxane currently owns and operates six (6) water bottling plants in the United States located at:

1. Moultonborough, NH
2. Salem, South Carolina
3. Benton, Tennessee
4. Norman, Arkansas
5. Mt. Shasta, California
6. Olancho Peak, California

**B. Project Description:**

CG Roxane proposed a 2-phase project to build and operate a spring water bottling plant on an approximately 72-acre parcel of land (Tax parcel #146.-1-31) located at 325 Watershed Road in the Town of Johnstown, Fulton County.

Phase I would include a 176,757 square foot (SF) building, two (2) operational production lines, one (1) future production line, access roadways, car and truck parking, stormwater management facilities and the redevelopment of Old Sweet Road. One production line would produce 0.5 liter bottles and the second production line will produce 1 gallon bottles.

Total private investment was estimated to be over \$30 million.

In Phase I, the Plant would initially operate with two (2) production lines operating with two (2) shifts. As demand for water grows, a third shift would be added. If demand continues to grow, Phase II would be pursued.

Phase II would include the startup of a third production line to produce 0.5 liter bottles and the construction of a 65,545 SF addition for additional warehouse space.

The following tables identify the number of bottles of water that would be produced at the Plant:

**1. Phase I:**

Size	Bottles/Hour	Bottles/Shift	Bottles/ 2 Shifts	Bottles/ 3 Shifts
0.5 liter	57,000	456,000	912,388	1,368,000
1.0 gallon	7,600	60,800	121,600	182,400
<b>Total</b>	<b>64,600</b>	<b>516,800</b>	<b>1,033,988</b>	<b>1,550,400</b>

**2. Phase II:**

Size	Bottles/Hour	Bottles/ 3 Shifts
0.5 liter	57,024	1,369,582
1.0 gallon	7,600	121,600

Total projected employment in year 1 is 30+/-.

In May, 2012, CG Roxane received a Site Plan Review approval from the Town of Johnstown Planning Board.

**C. Project Structure:**

CG Roxane's Application requested that CG Roxane enter into a straight lease arrangement with the IDA.

The IDA would take title to the land and improvements on the land and then enter into a Lease Agreement with CG Roxane to lease the land and improvements back to the Company to operate.

No IDA financing was requested.

A PILOT and Sales Tax Exemption was requested.

**D. IDA Action:**

The IDA approved granting a PILOT modeled after 485-b of NYS's Real Property Tax Law. Under this Agreement, CG Roxane will receive a 50% exemption of its property taxes in year 1. The exemption will decrease 5% per year. After 10 years, the exemption will be -0- and the Company will, from that point forward, be paying 100% of its property taxes.

In addition, the IDA approved granting a sales tax exemption to the Company. This exemption applied to the New York State sales tax the Company would have paid on the materials used to construct its facility as well as on equipment installed in the facility.

**E. Status:**

By the end of 2012, most of the building and site work had been completed for the project. CG Roxane was projecting to start up water bottling operations in the first quarter of 2013.

**3. PROPOSED REGIONAL BUSINESS PARK PROJECT:**

The proposed Regional Business Park is a 300+/- acre tract of land located immediately to the south of the Johnstown Industrial Park. This site is located in Montgomery County. Over the past several years, the City of Johnstown and Town of Mohawk have been discussing a potential tax sharing agreement that could allow for these 300+/- acres of land to be annexed into Fulton County and the City of Johnstown. The annexing of these lands into the City of Johnstown would allow for access to the City's water and sewer services.

Given the low inventory of shovel-ready sites currently available in Fulton County, the IDA continues to support efforts in 2012 to have these 300+/- acres developed into new, shovel-ready sites. The IDA will continue to work with economic development agencies and local governments in 2013 to implement this project.

**4. EARLY TERMINATION OF LEASES:**

- \* The IDA approved requests from both STAG and the CIC to terminate IDA leases. Two (2) leases were terminated in 2012:

**A. Crossroads Industrial Park:**

- 1. 178 Corporate Drive : Lease Agreement dated November 1, 1994

**B. Crossroads Business Park:**

- 1. 141 Sal Landrio Way : Lease Agreement dated August 1, 2000

- \* The early termination of these Lease Agreements resulted in the following:
  - > The properties would no longer be tax exempt.
  - > The properties would immediately return to the tax rolls.
  - > The properties would start making property tax payments and not PILOT payments.
  - > The IDA would long longer have to report these projects under PARIS after 2012.
- \* After detailed legal reviews, the IDA approved the early termination of these (2) leases in 2012.

As of December 31, 2012, the IDA had 6 active Lease/PIOLT Agreements as shown below:

Owner	Lessee	Address	Occupant
IDA	STAG	200 Union Avenue	Pioneer Windows
IDA	STAG	199 Enterprise	Vacant
IDA	CIC	160 Enterprise	Vacant
IDA	Euphrates	230 Enterprise	Euphrates
IDA	Swany	115 Corporate Drive	Swany
IDA	CG Roxane	325 Watershed Drive	CG Rozane

## **5. MISSION STATEMENT:**

### **A. Background:**

On June 7, 2012, the ABO notified the IDA by e-mail that the IDA's current Mission Statement did not, in the opinion of ABO, adequately meet the criteria described in the ABO's Policy Guidance 10-02 "Public Authority Mission Statements and Measurement Reports".

The ABO asked the IDA to re-evaluate its Mission Statement and review its Mission Statement to better reflect the intent of Public Authorities Law and the ABO's Policy.

### **B. IDA's Previous Mission Statement:**

"To promote and develop the retention of existing and creation of new job opportunities and the expansion of local property tax base by acquiring, owning, developing, managing and selling land and buildings and providing financing and tax incentives as authorized by New York State."

### **C. IDA's New Mission Statement:**

The IDA's Governance Committee met and reviewed the IDA's Mission Statement as well as other IDA Mission Statements. The Committee developed a new Statement and submitted it to the Board. The IDA Board then adopted the following new Mission Statement:

"The IDA's mission is to create and promote economic growth and prosperity for the residents of Fulton County. To do so, the IDA develops and maintains an inventory of shovel-ready sites that can be offered to new and expanding businesses. The Agency also offers financial incentives, as may be required, to encourage the creation of new and retention of existing jobs and expand the County's tax base. The IDA is a component of Fulton County's Economic Development Team that strives to make Fulton County a desirable place to live and do business."

The new Mission Statement was submitted to and approved by the ABO.

## **6. UNIFORM TAX EXEMPTION POLICY:**

The IDA adopted an initial Uniform Tax Exemption Policy (UTEP) in 1994 and updated it in 1999 in response to a State law requiring all IDA's to readopt their UTEP's.

In 2012, the IDA's Governance Committee met with the Executive Director and developed a series of recommended changes and modifications to the IDA's UTEP. These changes were presented to and approved by the IDA Board at their August 23, 2012 meeting.

## **7. FULTON COUNTY CENTER FOR REGIONAL GROWTH:**

The IDA is part of an Economic Development Team that works toward making Fulton County a better place to live and do business. A key component of this team is the Fulton County Center for Regional Growth (CRG). The CRG was created in early 2012 to oversee the operation of the Fulton County Economic Development Corporation and the Crossroads Incubator Corporation.

In October, 2012, the Fulton County Board of Supervisors and CRG conducted a Press Conference to announce a new Business Development Marketing Plan for Fulton County. The new Plan realigned the County's economic development priorities by reestablishing "marketing" as the primary focus of County job creation efforts.

## **8. MARCK RECYCLING:**

The IDA Board authorized the filing of a corrected deed on the Marck Recycling Property that added five (5) additional years to the provision in the original Purchase and Sales Agreement between Marck Recycling and the IDA. The provision stated that should the property not be improved or developed by Marck Recycling within five (5) years from the date of conveyance, the IDA could repurchase the premises for the same purchase price paid by Marck Recycling to purchase the premises.

Marck Recycling closed its operation in the Johnstown Industrial Park in the fall of 2012.

**Table A-1****Condensed Statements of Net Position**

	<u>2012</u>	<u>2011</u>	<u>Dollar change Increase/ -Decrease</u>
<b>Assets</b>			
Current assets	\$ 1,015,809	\$ 1,011,978	\$ 3,831
Development projects	<u>2,140,863</u>	<u>2,140,863</u>	0
<b>Total Assets</b>	3,156,672	3,152,841	3,831
<b>Liabilities</b>			
Current liabilities	416,668	417,793	(1,125)
Long-term debt	<u>514,708</u>	<u>514,708</u>	0
<b>Total Liabilities</b>	931,376	932,501	(1,125)
<b>Net Position</b>			
Net investment in capital assets	1,626,155	1,626,155	0
Unrestricted	<u>599,141</u>	<u>594,185</u>	4,956
<b>Total Net Position</b>	<u>\$ 2,225,296</u>	<u>\$ 2,220,340</u>	4,956

## Changes in Net Position

The IDA's revenue was \$54,165 (see Table A-2).

The total cost of all programs and services amounted to \$49,209 for 2012. The expenses are comprised predominantly of salaries and benefits (38%) and professional fees (38%).

Net position for the year increased by \$4,956.

### G. LONG-TERM DEBT:

As of December 31, 2012, the IDA had \$514,708 in long-term debt outstanding. More detailed information about the IDA's long-term debt is included in the notes to basic financial statements.

Table A-3

**Outstanding Long-Term Debt**

	<u>2012</u>	<u>2011</u>
City of Groversville	\$ 150,267	\$ 150,267
Board of Water Commissioners	89,124	89,124
Community Development Agency	74,961	74,961
Promote Groversville Development Agency	50,089	50,089
Fulton County Economic Development Corporation	<u>150,267</u>	<u>150,267</u>
<b>TOTALS</b>	<u>\$ 514,708</u>	<u>\$ 514,708</u>

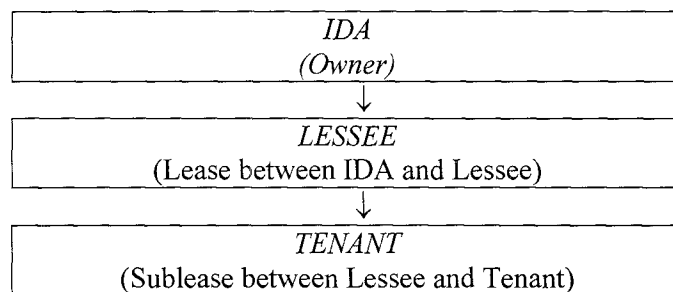

**III. PAYMENT IN LIEU OF TAX AGREEMENTS (PILOTS)****A. Background**

As of December 31, 2012, the IDA had six (6) active PILOT Agreements as shown below:

<b>Owner</b>	<b>Lessee</b>	<b>Address</b>	<b>Tenant</b>
IDA	STAG	200 Union Ave.	Pioneer Windows
IDA	STAG	199 Enterprise	Vacant
IDA	CIC	160 Enterprise	Vacant
IDA	Euphrates	230 Enterprise	Euphrates
IDA	Swany	115 Corporate Drive	Swany
IDA	CG Roxane	325 Watershed Drive	CG Roxane

**B. Project Structure**

In most projects, the IDA “owns” the real property, machinery and equipment and leases them to a Lessee. The Lessee, in turn, subleases the real property and machinery and equipment to a business:

At the end of the lease term, ownership of the real property, machinery and equipment is transferred from the IDA to either the Lessee or Tenant. Once title is transferred, the real property becomes fully taxable.

## C. PILOTS

There are two (2) key provisions of how a PILOT is administered:

1. The “Effective” date of the PILOT.

The effective date of a PILOT is the date a Certificate of Occupancy (CO) permit is issued by the Code Enforcement Official of the municipality the project is located in.

2. Tax Assessment Calendar:

Tax rolls for each municipality are completed on March 1<sup>st</sup> of each year. PILOT's are set up so that once a CO is issued, the building becomes assessed on the next tax roll. For example, the tax roll completed on March 1, 2012 was used for the 2012-13 school tax bills and the 2013 County and City/Town tax bills.

The first year of a PILOT is therefore the first tax year after the property goes onto the tax assessment roll. For example:

- New Building Completed : July, 2011
  - CO Issued : August, 2011
  - Building goes on Tax Roll : March, 2012
- Year 1 of PILOT for:
  - School Tax : 2012-13 Tax Year  
(Sept. - August)
  - County Tax : 2013 Tax Year  
(Jan. - Dec.)
  - City/Town Tax : 2013 Tax Year  
(Jan. - Dec.)

## D. Real Property of the Fulton County IDA

Appendix A contains a list of IDA Projects as of December 31, 2012.

## IV. CONCLUSION

The Fulton County IDA looks forward to 2013 with the hope and expectation of positive economic development initiatives being undertaken.

# FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY

## NOTES TO BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2012

---

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Fulton County Industrial Development Agency (Agency) have been prepared in conformity with U.S. generally accepted accounting principles. Significant accounting policies are:

#### **Organization**

The Agency is an Industrial Development Agency duly established under Title 1 of Article 18-A of the General Municipal Law of the State of New York, as amended, and Chapter 665, Section 895C, of the Laws of 1970 of the State and is a public benefit corporation of the State.

The Agency was formed for the purpose of encouraging economic growth in the County of Fulton. The Agency is exempt from federal, State and local income taxes. The Agency, although established by the Fulton County Board of Supervisors, is a separate entity and operates independently of the County of Fulton.

#### **Basis of Accounting**

The Agency is required by New York State to maintain its books on the accrual basis of accounting.

#### **Budgetary Accounting**

In accordance with Section 861 of the General Municipal Law, the Agency prepares and adopts annual budgets.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make certain estimates and assumptions. Those estimates and assumptions may affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

#### **Fair Value of Financial Instruments**

Unless otherwise indicated, the fair values of all reported assets and liabilities which represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such amounts.

#### **Cash and Cash Equivalents**

For purposes of the statement of cash flows, management considers all investment instruments purchased with a maturity of three months or less to be cash equivalents.

#### **Development Project Assets**

Development project assets, consisting of land and site improvements acquired by the Agency, are stated at cost (or estimated historical cost) and include interest capitalized during construction where applicable. Contributed assets are recorded at fair market value at the date received. Major additions and betterments are capitalized, while maintenance and repairs which do not appreciably extend the useful lives of the related assets are charged to expense as incurred. There are no reversionary interests by the grantor in the assets (see also Notes 2 and 4 following).

#### **Lot Sales**

Certain lot sales are capitalized lease purchase agreements. The leases are structured to receive full payment at lease inception and are recorded as sales by the Agency at that time. Other lot sales are direct sales in which title to the property transfers to the purchaser.

# FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY

## NOTES TO BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2012

---

### **NOTE 2 – CASH – RESTRICTED**

- A. The Agency entered into an agreement with the City of Johnstown whereby the Agency is to develop the Johnstown Industrial Park (Park). The City of Johnstown (City) conveyed title to 175 acres of land to the Agency pursuant to Local Law No. 2 of 1989.

The Agency is to develop, operate and manage the Park. All revenues generated from the lot sales in the Park are to be allocated between the City and the Agency as follows:

1. Seven percent of gross revenues are to be retained by the Agency for administrative costs.
2. Of the remaining balance:
  - a. Fifty percent shall be paid to the City; and
  - b. Fifty percent shall be retained by the Agency and deposited in an interest-bearing account dedicated solely for the use in future industrial and economic development-type projects within the City, or outside the City with their approval.

- B. Restricted cash balances at December 31, 2012, are as follows:

City of Johnstown (a. above)	<u>\$ 415,055</u>
------------------------------	-------------------

### **NOTE 3 – DEVELOPMENT PROJECTS**

The Agency's development projects at December 31, 2012, are as follows:

Crossroads Industrial Park	\$ 547,023
Crossroads Business Park	1,373,036
Johnstown Industrial Park	<u>220,804</u>
<b>TOTAL</b>	<b><u>\$ 2,140,863</u></b>

The development projects consist of land acquisition costs and site improvements; i.e., roads, water and sewer lines and landscaping.

### **NOTE 4 – LONG-TERM DEBT**

As part of the Crossroads Business Park project, the Agency entered into an agreement with five local governmental and nonprofit entities. Each entity, including the Agency, provided funds necessary to meet the \$665,000 local match requirement of the EDA grant. The agreement provides that the Agency retain the first \$100,000 received for sale of lots of the Crossroads Business Park. Thereafter, the Agency, after deducting an administrative fee and any other customary sale or lease expenses, shall repay the project participants (including the Agency) at the percent of participation that each entity provided to the total \$665,000 local match.

Interest was accrued at 5½% on the unpaid balances for a maximum of seven years (ending in 2005). Therefore, for the year ended December 31, 2012, interest expense totaled \$-0-.

# FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY

## NOTES TO BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2012

---

### **NOTE 4 – LONG-TERM DEBT – (CONTINUED)**

This balance is comprised of amounts due to the following entities:

City of Groversville	\$ 150,267
Board of Water Commissioners	89,124
Community Development Agency	74,961
Promote Groversville Development Agency	50,089
Fulton County Economic Development Corporation	<u>150,267</u>
<b>TOTAL</b>	<b><u>\$ 514,708</u></b>

### **NOTE 5 – INDUSTRIAL REVENUE BOND AND NOTE TRANSACTIONS**

Certain industrial development revenue bonds and notes issued by the Agency are secured by property which is leased to companies and is retired by lease payments. The bonds and notes are not obligations of the Agency or the State. The Agency does not record the assets or liabilities resulting from completed bond and note issues in its accounts since its primary function is to arrange the financing between the borrowing companies and the bond and note holders and funds arising therefrom are controlled by trustees or banks acting as fiscal agents. For providing this service, the Agency receives bond administration fees from the borrowing companies. Such administrative fee income is recognized immediately upon issuance of bonds and notes. At December 31, 2012, the original issue value of bonds issued aggregated \$18,045,000 and the outstanding balance was \$8,081,536. Refer to the Schedule of Industrial Development Revenue Bonds on page 27.

### **NOTE 6 – INVESTMENTS**

The Agency's investment policies are governed by State statutes. Agency monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the State. The Agency is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and obligations of New York State or its localities.

Collateral is required for demand deposits and certificates of deposit at 100% of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States Government and its agencies and obligations of any state and its municipalities and school districts.

At December 31, 2012, the Agency maintained its three cash accounts in one bank. Accounts are normally guaranteed by the FDIC up to \$250,000 per bank.

The Agency entered into a third-party custody agreement, in which the bank has deposited with a third-party custodian, investments with market values totaling \$770,328 as security for uninsured deposits. The Agency had no uninsured deposits at December 31, 2012.

# FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY

## NOTES TO BASIC FINANCIAL STATEMENTS

DECEMBER 31, 2012

---

### **NOTE 7 – COMMITMENT AND CONTINGENCIES**

During 1998, mortgages were recorded listing the Crossroads Incubator Corporation (CIC) and the Agency as mortgage debtors by the Fulton County Economic Development Corporation (FCEDC) and by the New York State Urban Development Agency. The mortgages were recorded on land owned by the Agency and developed by the CIC. The mortgages are nonrecourse collateral security mortgages and constitute limited obligations of the Agency payable solely from revenues of the Agency derived and to be derived from the mortgaged property. They are not a debt of the Agency, the County of Fulton or the State of New York.

During 1997, the Agency was listed as the debtor on Uniform Commercial Code filings (filings). The filings were for projects being developed on land owned by the Agency. The filings constitute limited obligations of the Agency. The Agency's responsibility on these obligations is the same as detailed above for the mortgages.

The Agency determined that land in the Crossroads Industrial Park, upon which the Agency allowed the Crossroads Incubator Corporation (CIC), in 1988, to build a building, was sold by the CIC in 2007. Based on an Agency Board motion in 1988, the sale of the building by CIC created an unknown receivable from CIC for the land as per a 1988 agreement. At this time the amount due to the IDA is unknown and, therefore, not recorded in the financial statements and once this amount is determined, the IDA will record the revenue and corresponding receivable.

### **NOTE 8 – MARKETING AGREEMENT**

The Agency has entered into an agreement with the FCEDC for marketing services. The FCEDC will actively market the Agency's properties. The FCEDC's fees are 5% of the sale price of property. For the year ended December 31, 2012, the Agency advanced marketing expenses in the amount of \$5,000.

### **NOTE 9 – SUBSEQUENT EVENTS**

The Agency has evaluated subsequent events through the issuance date of the report. None were considered material to the issued financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Chairperson and Board of the  
Fulton County Industrial Development Agency  
Johnstown, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Fulton County Industrial Development Agency, a public benefit corporation, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated February 25, 2013.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Fulton County Industrial Development Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fulton County Industrial Development Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fulton County Industrial Development Agency's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charge with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Fulton County Industrial Development Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# **FULTON COUNTY INDUSTRIAL DEVELOPMENT AGENCY**

## **CODE OF ETHICS**

### **I. INTRODUCTION:**

This Code of Ethics shall apply to all members, staff and other employees of the Fulton County Industrial Development Agency (AGENCY). These policies shall serve as a guide for official conduct and are intended to enhance the ethical and professional performance of the AGENCY's directors and employees and to preserve public confidence in the AGENCY's mission.

### **II. RESPONSIBILITY OF MEMBERS, STAFF AND EMPLOYEES:**

- A. Members, staff and employees shall perform their duties with transparency, without favor and refrain from engaging in outside matters of financial or personal interest, including other employment, that could impair independence of judgment, or prevent the proper exercise of one's official duties.
- B. Members, staff and employees shall not, directly or indirectly, make, advise or assist any person to make any financial investment based upon information available through the director's or employee's official position that could create any conflict between their public duties and interests and their private interests.
- C. Members, staff and employees shall not accept or receive any gift in excess of seventy-five dollars (\$75), whether it be in the form of financial payments, services, loans, travel reimbursement, entertainment, hospitality, thing or promise from any entity doing business with or before the AGENCY.
- D. Members, staff and employees shall not use or attempt to use their official position with the AGENCY to secure unwarranted privileges for themselves, members of their family or others, including employment with the AGENCY or contracts for materials or services with the AGENCY.
- E. Members, staff and employees must conduct themselves at all times in a manner that avoids any appearance that they can be improperly or unduly influenced, that they could be affected by the position of or relationship with any other party or that they are acting in violation of their public trust.
- F. Members, staff and employees may not engage in any official transaction with an outside entity in which they have a direct or indirect financial interest that may reasonably conflict with the proper discharge of their official duties.
- G. Members, staff and employees shall manage all matters within the scope of the AGENCY's mission independent of any other affiliations or employment. Members, staff and employees employed by more than one government shall strive to fulfill their professional responsibility to the AGENCY without bias and shall support the AGENCY's mission to the fullest.
- H. Members, staff and employees shall not use AGENCY property or resources or disclose information acquired in the course of their official duties in a manner inconsistent with State or local law and the AGENCY's mission and goals.

### **III. IMPLEMENTATION OF CODE OF ETHICS:**

- A. This Code of Ethics shall be provided to all members, staff and employees upon commencement of employment or appointment and shall be reviewed annually by the Governance Committee.

- B. The AGENCY may designate an Ethics Officer, who shall report to the AGENCY and shall have the following duties:

- Counsel in confidence AGENCY members, staff and employees who seek advice about ethical behavior.
- Receive and investigate complaints about possible ethics violations.
- Dismiss complaints found to be without substance.
- Prepare an investigative report of their findings for action by the Executive Director or the board.
- Record the receipt of gifts or gratuities of any kind received by the director or employee, who shall notify the Ethics Officer within 48 hours of receipt of such gifts and gratuities.

#### **IV. PENALTIES:**

- A. In addition to any penalty contained in any other provision of law, an AGENCY, members, staff or employee who knowingly and intentionally violates any of the provisions of this code may be removed in the manner provided for in law, rules or regulations.

#### **V. REPORTING UNETHICAL BEHAVIOR:**

- A. AGENCY members, staff and employees are required to report possible unethical behavior by a member, staff or employee of the AGENCY to the Ethics Officer. Ethics complaints may be filed anonymously and are protected from retaliation by the policies adopted by the AGENCY.

## **CERTIFICATION OF CHIEF EXECUTIVE OFFICER**

I, James Mraz, certify that I am the Chief Executive Officer of Fulton County Industrial Development Agency and that this report, to the best of my knowledge, information and belief, is a true and correct statement of the financial transactions and fiscal condition for the year ended December 31, 2012.
